Grey Dome - 3/4" x 12" (16407)

Key Points:

Polished Manhattan Sky will not have the same high reflective quality as Grey and Empire Beige.

Install all elements with a white, high-quality thinset.

Make Sure to seal all elements prior to, and after grouting with a high-quality penetrating sealer.

Please Note:

All product shots are artistic interpretations of actual product. Due to the nature of the printing process, we recommend obtaining physical samples of product for actual color representation.

Chapter 16 Park Place Collection reflects the shade variations associated with natural stone. As with all natural stone tiles, we strongly recommend laying out and blending the tiles prior to installation. This step will ensure a proper color blend in order to achieve a classic look for your installation.

Jeffrey Court highly recommends sealing all natural stone tiles with a high quality sealer prior to grouting to ensure an easy cleaning and as part of a maintenance regimen. Consult your sealer manufacturer for reapplication recommendations as part of an ongoing maintenance routine.

*Special installation instructions. Please visit youtube.com/jeffreycourt to view installation tip videos.
